**GLAMCO Aviation Pte Ltd** prides itself as a leading solutions provider for the Aerospace, Commercial, Air/Sea Traffic Management, Defence & Security industries, and services, including drones from Lockheed Martin Skunk Works® and supporting world-leading Counter UAS systems.

### Supporting Singapore Counter UAS

Glamco's partner with WhiteFox Defense Technologies, a global leader specializing in innovative counter-drone and airspace management solutions. WhiteFox is an expert in developing advanced systems that enable the detection, identification, and mitigation of rogue drones, ensuring safety and security from critical infrastructure to public events, capable of distinguishing between friendly and hostile drones, thus minimizing potential disruptions while maximizing safety.

WhiteFox Defense Technologies is not only a global leader in airspace security, specializing in innovative counter-drone and airspace management solutions, but WhiteFox is also an expert in developing advanced systems that enable the detection, identification, and mitigation of rogue drones, ensuring safety and security in various environments, from critical infrastructure to public events.

WhiteFox's technology is renowned for its precision and reliability, capable of distinguishing between friendly and hostile drones, thus minimizing potential disruptions while maximizing safety. WhiteFox's commitment to advancing drone technology responsibly and ethically positions them as a key player in shaping the future of secure and regulated airspace, reflecting a deep understanding of the evolving landscape of drone threats and airspace management.
